

# SAFETY FIRST

## SAFETY IS A GIFT

Valentine's Day is about doing something nice for the ones you love. And there is nothing better than coming home safe and sound every single day.

Wearing PPE, following lockout/tagout, and wearing a seatbelt are all simple and important ways to protect yourself and be there for the people who depend on you. And, of course, stay off your cell phone when driving or working (even if your sweetheart calls).

Be safe for the ones you love, and those who care about you.
